REVIEW OF THE ARMS ORDINANCE 1960

The Review of the Arms Ordinance 1960 was requested by the Ministry of Police, Prisons and Correctional Services (MoPPCS) in 2019. The MoPPCS expressed that as the Arms Ordinance 1960 (AO 1960) is a pre-independence law, some timely updates and reforms are required to be in line with changes in Samoa. A Terms of Reference (TOR) (developed by SLRC and MoPPCS) was approved by OAG on 20 January 2021.

As highlighted in the last Issue, the Commission completed and submitted its Discussion Paper for the Review of the AO 1960 for Cabinet's approval on 20 October 2023. On 25 October 2023, Cabinet in its Directive FK(23)42 endorsed our DP for around the country public consultations. The Commission conducted a total of 12 Public Consultations in Upolu in the months of November - December 2023, and will move its Public Consultations to Savaii in early 2024.

As per usual, the Commission follows its 6-Stage Law Reform Process in its major law review projects. The following highlights the progress of this Review for the period of this Newsletter (July-December 2023).

PROJECT UPDATES

Review of the Traffic Laws of Samoa

Following 'The Reformer' Issue 2, 2023, the Commission started its **further research and analysis** on additional issues or matters raised and discussed during public and stakeholder consultations.

Part of the Commission's further research and analysis included further discussions with the MoPPCS to clarify issues and concerns related to processes and enforcement as asked by the public. The Commission also sought comments and some discussions with the Land Transport Authority and the Judiciary. The Commission acknowledges the busy schedules of these key stakeholders to this Review, and will continue to seek their views and assistance in the last stage of our Review.

The Commission is now at the early stages of developing its Final Report with recommendations for law reforms (Stage 6).

REQUESTED REVIEWS:

Request to review the Ministry of Women, Community and Social Development (MWCSO) Legislation:

The MWCSO in a letter of 22 September 2023 has requested a review of the laws of the Ministry. Due to a shortage in the Commission's legal staff, the Commission proposed an initial meeting after the completion of our Upolu Public Consultations for the Review of the Arms Ordinance 1960.

In preparation for a meeting with the MWCSO, the Commission carried out preliminary research into the laws governing the functions and duties of the MWCSO.

On 20 December 2023 and again 2 February 2024, the Commission met with representatives of the MWCSO to discuss and clarify the goal of its requested legislative review, in order to guide the development of a TOR that encompasses the objective of the MWCSO.

It is anticipated that a Terms of Reference will be developed in the last half of financial year 23/24.

COMMENTS/INPUT MADE BY THE COMMISSION

From July to December 2023, the Commission has undertaken legal and doctrinal research on a few matters referred (in table below). These references usually require that the Commission carries out required research, make analysis and provide input and comments to requesting Ministries/SOEs and others. The Commission continues to strive to provide high-quality research-based responses in a timely manner to assist the requesting agencies.
